"CIVISUP"

OFFICE OF THE FOOD CONTROLLER AND DIRECTOR OF CIVIL SUPPLIES IN MYSORE.
Bangalore, 12th December 19 19.
FILE NO.

K. MATTHAN, ESQ., B. A.
Food Controller & Director of Civil Supplies in Mysore.

1573

To -

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Government of Mysore.

Sir,

I have the honour to submit herewith a copy of a resolution of the Central Food Supplies Committee at its meeting held to-day, regarding the allotments of foodstuffs to be asked for for the month of January 1920. It is not proposed to ask for any wheat as the allotments latterly sanctioned from the Punjab have not been taken up. Now that wheat can be freely imported from all parts of India except the Punjab and the United Provinces without priority certificates merchants are getting their supplies from Bombay. There does not appear therefore to be any need for an allotment of wheat.

2. Bengal gram too may be freely imported from any part of India except the Punjab and the United Provinces. The Bengal gram of the Punjab is much in demand and it is considered that an allotment of 800 tons from the Punjab is necessary.

3. Regarding rice a word of explanation is perhaps necessary. Hitherto we were getting a certain quantity of rice from the Madras Presidency in exchange for rice and ragi supplied by us. I recently addressed the Director of Civil Supplies, Madras, suggesting that subject to

to the approval of Government, the rice required for the Kolar Gold Fields might be freely allowed against the ragi required for Gudalur. This, it will be remembered, was the system in force before January 1919, when the system of exchange on the weight for weight basis was adopted. The Madras Director, however, is not agreeable to this. He is not disposed to allow us to import any rice from the Madras Presidency and proposed to meet the requirements of Gudalur by taking up arrears of previous months.

4. The Kolar Gold Fields and the Civil and Military Station of Bangalore contain a large population greatly depending on boiled rice from the Madras Presidency. The refusal of the Madras Director to allow us any rice from the Madras Presidency is therefore likely to cause some difficulty. Moreover Mysore always used to import a certain supply of Guntur and Bezwada rice and such supplies helped to regulate and keep down the prices of the local produce. In all these circumstances the committee considers that it is necessary that an allotment of 500 tons of rice from the northern delta districts of the Madras Presidency should be asked for.

5. The position of the rice market is exceedingly unsettled. Although the new harvest has begun to come into the market, prices do not show a tendency to go down to the extent that was anticipated. A large section of the population, especially the working classes, seem to have taken to the cheaper Burma rice and this population will be hard hit when supplies of Burma rice fail and only the costly local rice is available. The committe has therefore considered it desirable to ask for an allotment of two thousand tons of rice from Burma.

6. It is not suggested that either the Burma rice or the Madras delta rice should be bought by Governme

(11)

Resolution No.2 from the proceedings of the Central Food Supplies Committee at its meeting held on the 12th December 1919.

2. Allotments sanctioned by the Foodstuffs Commissioner for December 1919 and those to be asked for for January 1919.

Resolution. 800 tons of Bengal gram from the Punjab may be indented for; also 2,000 tons of Burma rice and 500 tons of rice from Madras (Norther Deltas). These quantities need not be imported by Government, but might be made available for merchants.

P P 24-19
104

My dear Balasundaram Iyer,

In my official communication No.8348 of the 12th ultimo, I pointed out the necessity of obtaining an allotment of Madras rice especially for the Kolar Gold Field and the Civil and Military Station. This view of the matter was also pressed in a letter I addressed to the Deputy Foodstuffs Commissioner with the Government of India, Delhi, a copy of which is enclosed for the information of Government. The allotments sanctioned are however only from Bengal and Burma as reported in my letter No.8749 of the 31st ultimo. The question now arises how the Kolar Gold Field especially is to obtain its supply of Madras rice which is really required for that area. A copy of a letter on the subject that I have received from the Vice-President of the Kolar Gold Field Sanitary Board, No. 540 of the 30th ultimo, is enclosed for the information of Government. In order to prevent difficulties for the labour at the Gold Field, I would very strongly urge that representations may be made both to the Government of India and the Government of Madras pressing for a reasonable allotment of Madras rice for the Kolar Gold Field and if possible also for the Civil and Military Station. Making satisfactory arrangements for food supplies on the Kolar Gold Field is I submit a matter of more than provincial importance.

Yours sincerely,

KM/MPH.

(2)

Letter No.8538 dated 22nd December 1919 from the Director of Civil Supplies in Mysore, to the Deputy Foodstuffs Commissioner with the Government of India, Delhi.

I have the honour to address you now with regard to the allotments of rice and Bengal gram required for the Mysore State for the month of January 1919. The quantities required are 800 tons of Bengal gram from the Punjab, 2,000 tons of Burma rice from Rangoon, and 500 tons of Indian rice from the Northern Delta Districts of the Madras Presidency and 200 tons of rice from Bengal.

The need for Bengal gram from the Punjab is very great and I have therefore asked for an allotment of 800 tons.

As regards rice from Rangoon I have to state that no imports were made this month in the expectation that with the prospect of a fairly good harvest, the prices of local rice would go down. But the expectation has not been realised. A large section of the pupulation, especially the working classes have become accustomed to the Burma rice and this population will be hard hit if the supply of cheap rice is stopped. It appears therefore to be necessary to resume importations of rice from Burma. I therefore request that this allotment may be sanctioned.

As regards the allotment of rice asked for from Madras a word of explanation is necessary. Hitherto the State was getting a certain quantity of rice from the Madras Presidency in exchange for rice, ragi and horsegram allowed tobe exported from Mysore. Now that the restriction on the export of horsegram outside the State has been removed from the 1st December and Madras appears to have sufficient supplies of other grains, the Director of Civil Supplies, Madras, does not feel the necessity to continue the exchange arrangement. But the Kolar Gold Fields and the Civil and Military Station of Bangalore contain a large

(91)

large population from the Madras Presidency accustomed to and depending on boiled rice from that Presidency. If no further supplies of Madras rice are available the situation in these two areas would be one of serious difficulty. In these circumstances I request that the allotment of Indian rice asked for from the Madras Presidency may kindly be sanctioned.

I am not aware of the present situation as regards stocks of rice in Bengal, but if supplies are available for export, I would also ask for an allotment of 200 tons from Bengal.

Copy.

MPH.

(22)

Letter No.540 dated 30th December 1919 from the Vice-President, Sanitary Board, Kolar Gold Field, to the Food Controller and Director of Civil Supplies in Mysore, Bangalore.

I have the honour to inform you that the available stock of Burma and Delta rice will answer the local requirements only till the middle of the next month.

2. The Gold Field requires on an average 750 tons of rice every month and I request you to be so good as to inform me wherefrom this allotment has been arranged for.

3. The usual places supplying the Field with boiled rice are Ranipet, Katpadi, Tirupatur, Sholinghar, Madras, Pachur, Nellore and Wallajah road.

4. Favour of early reply is requested.

Copy.

Tel. Address. "CIVISUP"

13 JAN 1920

17728

From

K. MATTHAN, ESQ., B. A.
Food Controller & Director of Civil Supplies in Mysore.

To

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Government of Mysore.

Sir,

With reference to para 3(2) of Government Proceedings No. G.15611-24/P.P.6-19-194 dated 9th instant directing that steps should be taken to import as speedily as possible the January allotment of rice from Burma and Bengal in its entirety and that imports should be arranged for as far as possible through merchants agreeing to sell under control and through co-operative societies, I have the honour to state that the whole allotment of Bengal rice has already been certificated in favour of registered merchants who have agreed to sell under control, i.e., at prices fixed by me with reference to actual cost regarding etc.

Regarding Burma rice I have made the following arrangements:-

500 tons have been reserved for the Kolar Gold Field. Out of this 240 tons have been allotted to the Mining Board at their request. This will be imported by the Mining Board probably through Messrs. Best and Co., Madras. The balance of 260 tons have been allotted to merchants nominated by the Vice-President, Kolar Gold Field Sanitary Board who have agreed with him to sell under his control.

(98)

700 tons of raw rice and 300 tons of boiled rice have been allotted to Messrs. Appana Ramachandra Rao and Co., Bangalore.

500 tons of raw rice have been allotted to Mr. Haji Habib Haji Pirmahomed, 16 Anderson Street, Madras.

Messrs. Appana Ramachandra Rao and Co. and Mr. Haji Habib Haji Pirmahomed have given security deposits at the rate of Rs 10 per ton for the quantities allotted to them. I shall take agreements from them to enable me to forfeit these deposits in case of their violating the conditions under which the license to import is given to them, viz.,

(1) that the whole quantity allotted will be imported without allowing the allotment to lapse

(2) that the rice will be sold wholesale and retail at rates agreed upon by them, viz.,

Messrs. Appana Ramachendra Rao and Co.

Raw rice Big Mills specials old crop delivery "f.o.r." Bangalore Rs 19-14-6 per bag of 225 lbs. net.	Retail rate $4\frac{3}{4}$ seers per rupee.
-do- for delivery in godown, Bangalore Rs 20-0-0 per bag of 225 lbs. net.	
Boiled rice Meedon crop, "f.o.r." delivery B'lore Rs 21-6-9 per bag of 225 lbs. net	(Retail rate
Boiled rice Meedon crop godown delivery B'lore, Rs 21-8-3 per bag of 225 lbs. net.	will be fixed later.

Mr. Haji Habib Haji Pirmahomed

Raw rice Rs 14-10-0 per bag of 164 lbs. net godown delivery ~~xxxxxxx~~ Bangalore	Retail rate $4\frac{3}{4}$ seers per rupee
-do- Rs 14-9-0 per bag of 164 lbs. net delivery 'f.o.r' Bangalore.	

(3) The rice imported will be entirely at the disposal of the Food Controller and the importers must carry out all instructions given by the Food Controller in the matter of the distribution of rice. In caseswhere rice is ordered to be delivered elsewhere than at Bangalore, corresponding addition or deduction will be made to the rates quoted above with reference to the actual transport charges.

(4) The importers should furnish satisfactory evidence that the rice imported is of the quality accepted.

(5) In the event of failure security deposit will be liable to be forfeited at the discretion of the Food Controller.

The Vice-President of the Kolar Gold Field Sanitary Board will be instructed to obtain agreements on similar conditions and deposits from his importers.

No applications from co-operative societies have been received for import of the rice from Burma or Bengal. But further efforts will be made as directed in the Government Order under advertence to organise imports through co-operative societies.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller & Director
of Civil Supplies in Mysore.
